Vinyl Indoor / Outdoor Banners

VINYL BANNERS

Process: Digital full color printing, single-sided

Material: Three material options available:

Matte: 15 oz. lightly textured white scrim blockout vinyl

Gloss: 13 oz. white scrim blockout vinyl

Mesh: 9 oz. white vinyl with perforated holes for airflow

Finishing: Heat-welded edge with grommets placed approximately every 2 feet for hanging. Grommets are placed evenly to the size of the banner

Attachments: Includes four 36" pieces of rope. Bungee ball cords, suction cups, or PowerTabs® are available for an additional charge.

Production Time: 3 working days

Window Decals

WINDOW DECALS

Process: Digital full color printing, single-sided

Material: Four material options available:

Opaque: white 4 mil PVC film

Frosted: 4 mil PVC film

Clear: 3.5 mil vinyl

Perforated: white 70/30 vinyl

All materials feature a removable liner and have adhesive on the back

Finishing: Decals feature a kiss cut around the finished shape for easy removal from the liner

Attachments: Window decal adhesive is low-tac, and easily removable and repositionable for up to 1 year after application
Indoor applications recommended, outdoor applications may shorten the lifespan
Materials rated up to 2 years for indoor applications

For best application results, a 40 degree Fahrenheit surface is recommended
Special Artwork: For clear and frosted decals, the artwork cannot have anything colored white, it will not print

Only clear and frosted materials can be applied to the inside of the window or glass to be viewed from the outside

For decals to be viewed from the outside but applied on the inside, artwork will need to be mirrored when submitted. See example below

Production Time: 3 working days

- (R) • If bleeds are desired, artwork will need to extend 1/4" from the edge
• Exposure to extreme weather conditions can decrease the durability and lifespan of the material
• Custom sizes available, request a quote
• Generic printed material sample available upon request
• For more information turn to the General Information section on pages 68-75

Outdoor Decals

OUTDOOR DECALS

Process: Digital full color printing, single-sided

Material: 3.5 mil. white, opaque, matte vinyl with removable liner

Finishing: Decals feature a kiss cut around the finished shape for easy removal from the liner

Attachments: Adhesive is low-tac and easily removable and repositionable up to 1 year after application. Outdoor and indoor applications. Adhesive will adhere to most flat surfaces such as walls, windows, vehicles, glass, etc.

Rated up to 1-3 years for outdoor applications

For best application results, a 40 degree Fahrenheit surface is recommended

Production Time: 3 working days

FLOOR DECALS

Process: Digital full color printing, single-sided

Material: 8 mil. white, textured, non-slip vinyl with reinforced fabric backing

Finishing: Decals feature a kiss cut around the finished shape for easy removal from the liner

Attachments: Adhesive is low-tac and easily removable and repositionable up to 1 year after application. Indoor applications are recommended, outdoor applications may shorten the lifespan. Adhesive will adhere to most flat surfaces such as tile, glass, low-pile carpet, metal, stone and cement.

Rated up to 3 years for indoor applications

For best application results, a 40 degree Fahrenheit surface is recommended

Production Time: 3 working days

⚠ WARNING:
 Floor decals can expose you to chemicals including Di(2-ethylhexyl) phthalate, which is known to the state of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

Aluminum Signs

ALUMINUM COMPOSITE SIGNS

Process: Digital full color printing, single-sided

Material: Three material options available:

White: 3mm aluminum composite with black core

Brushed Silver: 3mm aluminum composite with black core

Reflective: 3mm aluminum composite features a 17 mil. 3M® high-intensity prismatic (HIP) reflective laminated surface. Reflective laminate meets ASTM E-810 & D4956 Type III, IV standards

Finishing: Rounded corners are default, square corners available upon request

Two finishing options available, including signs with holes and without holes

Signs with holes standard is two ¾" diameter holes, 1" from the edge

Vertical top and bottom, horizontal left and right, centered

Attachments: Mounting options are not included but can be added for sign options that do not include holes at an additional charge

Additional mounting options: (R) Foam tape \$1.15, magnetic strip \$1.35, Velcro® \$2.75

Special Artwork: Brushed metal options do not include white ink. White ink will not print, and will show as the brushed silver surface. For white ink option, request a quote. Dark, bright colors are recommended for best results on metallic materials.

Production Time: 3 working days

Yard Signs

VALUE PLASTIC YARD SIGN

Process: Digital full color printing, single-sided with no bleed

Material: 4mm white corrugated plastic

Attachments: Includes a metal H-stake. Upgrade to a spider stake for an additional charge of \$4.35. Additional H-stakes or spider stakes may be purchased for an additional fee

Special Artwork: Imprint area for artwork is 23.5" x 17.5"

Production Time: 2 working days

Value Plastic Yard Signs

Item Number	Size	1	5	10	25	50
ZYS-2VIH	24" x 18"	\$18.60	\$17.65	\$16.75	\$14.90	\$13.00

- (R) • Artwork cannot bleed
 • Value yard sign is only available in a horizontal orientation
 • Custom sizes available, request a quote
 • Generic printed material sample available upon request
 • For more information turn to the General Information section on pages 68-75

PLASTIC YARD SIGNS

Process: Digital full color printing, double-sided

Material: 4mm white corrugated plastic

Attachments: Includes a metal H-stake. Upgrade to a spider stake for an additional charge of \$4.35. Additional H-stakes or spider stakes may be purchased for an additional fee

Special Artwork: If yard sign needs to be directional with arrows, please note with your order

Production Time: 2 working days

COUNTER SIGNS WITH EASELS

Process: Digital full color printed, single-sided

Material: Three material options available:

Cardstock is 24 pt. thick, white coated paper board and is 100% recyclable

Paper Board is 3mm thick, white, lightly textured rigid board and is 100% recyclable

Paper-faced Foam Board is 3/16" thick with white, smooth paper surface and a foam core center

Attachments: Counter signs include printed sign and paper board easel.

8" x 10" signs include a 9" tall easel

12" x 18" signs include a 18" tall easel

18" x 24" signs include a 24" tall easel

Counter signs come unassembled, easels feature an adhesive strip for an easy, peel-and-stick assembly. Easels are made of 36-50 pt., white paper board. Counter signs are only available in a vertical orientation

Production Time: 3 working days

Name and Address: ITC Kabel Std Medium
Specify up to 4 lines of copy

Circle Format: H5
Name and Address: Avenir Lt Std Medium
Specify one line of copy for top and bottom of circle

GENERAL ORDERING INFORMATION

Art Charges

Minor artwork adjustments can be made with no additional fees applied. This would include items such as slight modifications to size and/or color, name changes, and artwork cleanup (i.e. removing spots from scanned artwork). These alterations should take no longer than 10-15 minutes to complete.

Need a little extra help with your artwork? Additional design/layout/color assistance is available for an hourly rate of \$75.00 (V). This would include items such as color matching or color separation, logo redraw/manipulation, or any additional layout design work needed on artwork. Please call for a quote, and make sure to specify what type of design assistance will be needed.

Changes or Cancellations

Changes to orders in progress may require additional set-up and/or processing time. Cancellations for orders in progress will require payment for the order.

Color Matching

Digital full color and sublimation full color processes cannot guarantee a PMS match.

Engraving

We use laser engraving for our engraving processes. There is no set up charge for engraved items.

Manual Handling Fee

Manual orders may incur additional handling charges. Contact customer service for additional information.

Over/Underruns

There is no charge for exact quantity requests. You will only be billed for the quantity on your purchase order.

Production Times

Production times are stated for each item on their catalog page. Quantities that exceed the last column pricing may require additional production time. For large orders over the listed quantities in the catalog, please expect longer production lead times. For inquiries on production lead times, please contact customer service. Production times do not go into effect until all order details have been received, including artwork, all order information, and proof approval.

Rush Orders

Rush orders will be accepted as production schedule allows and must be pre-approved. Rush charges and production time are based on the complexity of the order and color match requirements. Minimum daily charge is \$25.00 (R) or 10% of order value, whichever is greater.

Pricing

- Pricing listed in the catalog is suggested retail price
- Pricing is based on all items printing the same artwork. Variable copy on static design is included. Desired copy changes must be sent in electronically.

Proofs

- PDF Proof Email: Add 2 working days to the item production when requesting a PDF proof. First proof is FREE of charge. Additional proofs are \$15.00 (R). Production time begins after receipt of complete order including proof approval.
- Production Sample: Physical product proofs are available using customer artwork. These are offered at 10% off the quantity 1 wholesale price for standard catalog items and/or 10% off quantity 1 quoted price for custom products. Standard production times will apply. Please reach out to customer service for assistance.
- A complimentary proof may be required for certain orders to ensure satisfaction. Production will begin upon approval of the proof.

Samples

Marketing samples on select catalog products are FREE of charge; standard shipping is NO CHARGE.

Third Party Shipping

No additional charges apply if you provide us with a valid shipper number.

ART FILE REQUIREMENTS

Full Color Process

Full color products are produced using CMYK. Every element of the file must be colored with process CMYK colors. If RGB or other non-CMYK colors are used in your files the necessary conversions to CMYK will change the appearance of the colors when printed, sometimes dramatically. Create one item sized correctly per document. Artwork must be at least 300 dpi. For highest quality output, 600 dpi is recommended. Accepted file formats include TIF, PDF, EPS or Ai files. Please make sure all fonts are embedded. Do not include any punctuation in the file name and please keep it short as possible.

Engraving

For engraved items please include; engraving stock # option if applicable, typestyle, upper/lower case imprint requirements and desired engraved imprint location (center, top, bottom, etc.). If no logo will be utilized, providing artwork is not necessary. Artwork must be at least 300 dpi. For highest quality output, 600 dpi is recommended. Accepted file formats include TIF, PDF, or Ai files. Please make sure all fonts are embedded.

PRODUCTION CHART

Production times are stated for each item on their catalog page. Use the chart to calculate expected product shipping.

Production times do not go into effect until all order details have been received, including artwork, all order information, and proof approval.

All stocks are available for full color process.
Plastic stock color impacts how colors print.
Dark stock colors are not recommended as the ink may not show well.
Not all stock colors are available as an option when ordering online.

General Information

Full Color and Laser Engraving Typestyles

Typestyles shown are for banners, decals, full color and engraved signs, black metal plates, Flexibrass® plates, full color and engraved badges, and awards & gifts. Each typestyle is identified with a two- to four-digit code. Most typestyles listed are available in both **Regular** and **Caps** style. When ordering, please identify the style wanted by placing an "R" (regular upper/lower case) or a "C" (all caps) behind the typestyle code you have chosen.

GENERAL ORDERING INFORMATION STAMPS & EMBOSSERS

Proofs

- PDF Proof Email: Add 2 working days to the item production when requesting a PDF proof. First proof is FREE of charge. Additional proofs are \$15.00 (R). Production time begins after receipt of complete order including proof approval.
- Production Sample: Physical product proofs are available using customer artwork. These are offered at 10% off the quantity 1 wholesale price for standard catalog items and/or 10% off quantity 1 quoted price for custom products. Standard production times will apply. Please reach out to customer service for assistance.
- A complimentary proof may be required for certain orders to ensure satisfaction. Production will begin upon approval of the proof.

Quantity

If no quantity is indicated, one stamp or embosser will be made.

Item Number

Indicate item number to designate which item will be ordered.

Finished Size

When ordering a rubber stamp of a different size not found in catalog, request a quote and indicate the finished size of the product on the order blank.

Special Instructions

Clearly print or type any special instructions in the space provided. Attach an additional sheet if necessary. Use this space to also indicate any special instructions or logos. Indicate all typesets used on this order. All products will be typeset using our discretion unless otherwise noted in special instructions. Attach a sample whenever possible.

Artwork

You will need to provide clean, black and white artwork scaled to fit the Imprint area if custom design is wanted. Artwork must be at least 600 dpi. Screens are not available.

Notary Stamps & Embossers

All notary stamps and embossers will be typeset per the specifications of the state. Specifications vary state by state. Our policy is to follow the state specification for all aspects including but not limited to copy, format, product, and certificate.

STAMPS

Typesetstyles

If a typesetstyle is not specified, 4907C (Helvetica Neue Lt Std 55 Roman Caps) will be used. The maximum number of lines and characters for stamps are based on 8 pt. Helvetica. Contact customer service if information is needed on a specific product for lines and characters.

Ink/Imprint

If an ink color is not specified for stamps and date stamps, black will be used. Special exceptions may be noted by certain stamps. Certain date stamps are available with two ink choices. Indicate color choices for date and copy in special instructions. If no ink colors are selected, defaults will be used; refer to defaults for the item. All copy is typeset to fill stamps. If you do not want the stamp to be filled, note that information in special instructions.

Signature Stamps

Submit hand written signature three times on a blank white sheet of paper with your order. For best results we recommend using a fine point marker.

EMBOSSERS

Typesetstyles

If a typesetstyle is not specified, 4907C (Helvetica Neue Lt Std 55 Roman Caps) will be used. Maximum number of lines and characters are based on 10 pt. type for custom and formatted embossers. Contact customer service if information is needed on a specific product for lines and characters.

Logo or Format Number

When ordering an embosser, choose a format or provide custom artwork.

Embosser Direction

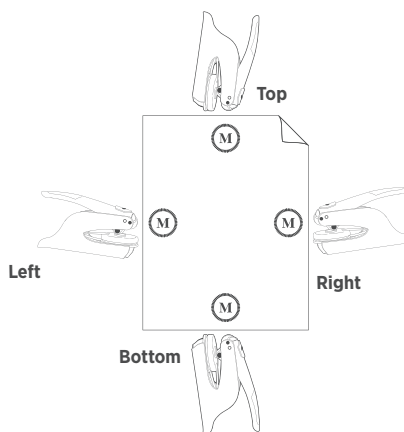

Specify one direction for which you will be using your embosser. If not specified; round embossers will default to left with rectangle embossers will default to bottom.

Embosser Directions

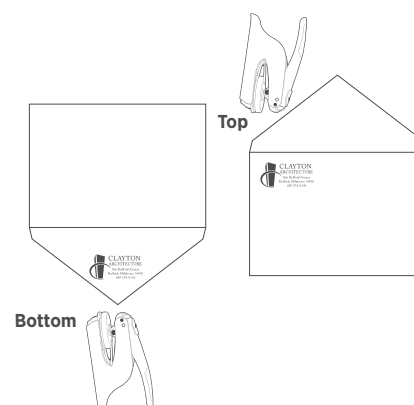

When ordering your embosser, specify the direction in which you want the embosser to be formatted. Please note, the pocket embosser image is being used in the diagrams below, however, the representations are inclusive of both the pocket and desk embossers.

Pocket & Desk Embossers

1 1/8" and 2" Embossers

1" x 2" Embossers
